Bar Obama, now that I look retrospectively I realized that your talent is just a shell. Manufactured talent with support of socialist corruption. That's how you "made it" in entertainment. You probably took a place from a legitimate talented actor. I would ask for my money back.

She is soon to be an expired actress. Her big achievement is a role in D. Howe perhaps due to her beautiful eyes. And now shamelessly promoting communism for American families, so that she can keep all over socialist controlled profits. This is socialist corruption. Same all over.

power was ever granted to the federal government to create a monopoly bank that manipulates interest rates and counterfeits money.

So the big issue is not who has more authority over the other; the president or the Fed chairman.

The issue is that the Federal Reserve should not exist at all!
